

Pupil Premium Statement

As a multisite and multi-function PRU the arrangements for transfer of Pupil Premium from mainstream school are complex. We do not receive funding for Medical Pupils as this is retained by the school. If extra provision is needed for an individual pupil we put this into a partnership plan and invoice the school for pupil premium in this way. (Some examples are seen below)

For pupils who attend the Key Stage 4 behavioural PRU due to a permanent exclusion, the money has historically followed the pupil but there has been a delay in receiving this money from the Local Authority and it only usually arrives after they leave in year 11. This makes planning of provision difficult and we have had to estimate the levels of funding and plan forward.

Due to the small numbers of pupils attending our provision, using percentages is not statistically significant, but these have been provided below in both number and percentage form to give a guide.

Pupil Premium numbers and percentages:

LEC KS4 - 8 out of 13 = 62%

LEC KS3 1 out of 4 = 25%

KS4 PRU 10 out of 20 = 50%

Short Stay 2 out of 8 = 25%

Estimated income = £23000

Statistically there is no gap between the pupils eligible for pupil premium and others regarding their achievement, engagement or attendance

Uses of Funding

Intervention	Cost	Impact
Artist in residence	£8000	Art as therapy to raise self-esteem and allow expression of complex emotions.
Reach – Outdoor Education	£4000	Various targets all tied up into a learning plan for individual pupils which compliments those in school.
Ceramics Workshops	£2000	Raising of confidence and self-expression
1:1 Tuition in Maths/ English	£4600	Raising of attainment and levels of progress
Forest School	£4000	Various targets all tied up into a learning plan for individual pupils which compliments those in school.
Clothing	£400	Clothing provided for those pupils who were coming to school dressed in inappropriate clothing leading to lower self-esteem. Self-esteem and confidence raised as well as an awareness that people cared about them.
